Introduction

Go along with Mary-Kate and Ashley on an out of this world shopping spree at the mall. Be careful, this isn't just any trip to the mall. The spree quickly turns from out of this world to totally out of hand when the girls ignore a warning about an unusual necklace they just purchased from a gypsy. Suddenly the trip turns

into a wild adventure as each store becomes a world of it's own. Join Mary-Kate and Ashley as they

make music videos, model clothes from a fashion line and serve up some grub at a busy food court lunch counter. You'll get to create dances, take pictures of cute guys, and try out your snowboarding skills, too! Not sure how to do any of these things? Visit the Information Booth for the full 411.

You've got to earn enough gems to return the mall to normal, and in the mean time, you'll have a ball in the Magical Mystery Mall!

Playing Magical Mystery Mall

After Mary-Kate and Ashley place the necklace pieces together, the mall is magically "frozen", except for five stores. Each one of these five stores represents a challenge that the girls must accomplish. When successfully completed, that section of the mall is returned to normal and they are rewarded a gem for the magical necklace. The player's final goal is to get all five gems for the Best Friends Forever necklace which will free the mall from its magical mystical spell.

Choosing Games and Characters

After the opening story sequence, you can use the **DIRECTIONAL BUTTONS** to move the girls about the mall. Press the ● **BUTTON** to walk instead of run. When you've found a store entrance that leads to a

game level, move inside to begin your adventure. You will get a short run down on what you need to do. Once inside the store, you can also decide which girl you wish to control. Just press **LEFT** or **RIGHT** on the **DIRECTIONAL BUTTONS** to move the highlight, then press the **X BUTTON** to confirm your selection.

Levels can be played as often as you like, although you'll only be rewarded one Magical Gem, the first time you've successfully completed it.

Game Areas

Information Booth

As you wander the mall, you'll find the mall information booth. When you walk in, you'll access a menu, which will give you helpful hints on how to play each of the game levels.

BONUS BOUTIQUE

As you make your way through the game, you can earn Tokens (up to 9 in all) when you complete game areas. Tokens can be redeemed in the Bonus Boutique for great bonus items that enhance a particular level. For example, you can earn cool new moves at Dance Nation, extra outfits for *Fash*, etc.

Tip: You can replay a level and get extra tokens.

Fash

The biggest fashion magazine on the planet is relying on you to take some extraordinary photographs. The object of this level is to help Mary-Kate and Ashley put on a fashion show that will knock the socks off of everyone and take pictures for their very own portfolio. To do this, you have to put together some killer outfits and earn points by taking the coolest fashion shots as Mary-Kate and Ashley head down the runway.

Choosing Outfits

The level begins by allowing you to select which of the girls you'll dress first and which of the cool modeling runways you'll use for your fashion show. Next, choose how many outfits Mary-Kate and Ashley will model. You can choose to create 2, 4 or 6 outfits total. Press **UP** or **DOWN** on the **DIRECTIONAL BUTTONS** to highlight a number, then press the **X BUTTON** to select.

Next, you can put together the outfits you'll be modeling. Press **UP** or

DOWN on the **DIRECTIONAL BUTTONS** to highlight an area (head, top, bottom, shoes) to outfit, then press the **X BUTTON** to select it. Now use the **LEFT** or **RIGHT DIRECTIONAL BUTTONS** to check out the wide range of styles. When you find something you like, press the **X BUTTON** to select it. Remember, you can always press the **△ BUTTON** to cancel a selection.

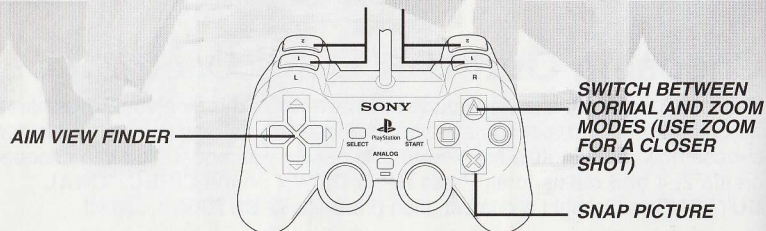

Next, choose a pattern and color for the selected style. Use the **LEFT** or **RIGHT DIRECTIONAL BUTTONS** to move to the pattern or color selections. Then press the **UP** or **DOWN DIRECTIONAL BUTTONS** to select a new pattern or color. Once you have it just right, press the **X BUTTON**. Continue choosing styles, patterns, and colors for the different parts of your outfit. Pressing the **■ BUTTON** will complete the outfit and bring up the next girl to dress. After getting all your outfits picked out, pressing the **■ BUTTON** sends Mary-Kate and Ashley off to the selected fashion runway.

Taking pictures

Of course, taking great shots means knowing how to use your camera!

SELECT COOL CAMERA POSITIONS TO CAPTURE JUST THE RIGHT SHOT.

Scoring

Pictures are awarded points based on how close the subject is, whether the subject is centered in the frame and facing the camera and how good the pose is. Make sure to get a picture of each outfit. Watch out for "pose points", special areas where the girls strike poses you'll want to capture for top points. Practice until you're a photo fashionista!

Music Nation

The music industry needs your help! Some big time producers of the hottest music awards show are in desperate need of a spectacular video to kick off the show. Help Mary-Kate and Ashley put together their routine at the dance studio, then visit up to three rad locations to record an awesome music video!

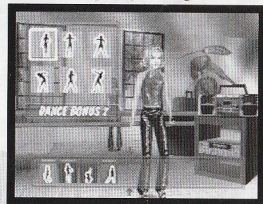

Combine music, dance moves, cameras, and special effects to make it all happen. If your dance video scores big with the producers, you'll get your gem.

Creating Your Dance

First, select which of the girls will star in your music video. Next, choose from a selection of cool recording locations. Now you're ready to put together your exciting dance routine. Begin by picking out moves and combining them into a cool sequence.

Press **LEFT/RIGHT** or **UP/DOWN** to toggle through the moves. When a move square is highlighted, that move sequence will play. Press the **△ BUTTON** to watch Mary-Kate or Ashley perform that move. (You can let the dance move animation stop on its own or press the **X BUTTON** to return back to dance selection mode.)

Once you've found a move you like, press the **X BUTTON** to move it to your dance sequence bar (below the moves menu). Continue until you've created a knock-'em-out dance-stravaganza. Press **DOWN** on the **DIRECTIONAL BUTTONS** to highlight the dance sequence. Now you can test your dance by pressing the **△ BUTTON**. Watch your entire dance sequence or cancel out by pressing the **X BUTTON**. If there's a move you want to change, highlight it on the sequence menu by pressing **LEFT** or **RIGHT** on the **DIRECTIONAL BUTTONS**, then press the **X BUTTON**. Now you can move back up to the dance moves selection area and add a new move to your routine.

Adding Music

You've put together a great dance with cool steps and wild moves. Press the **● BUTTON** to select the CD Player. A picture of a CD player will appear. Press the **LEFT** or **RIGHT DIRECTIONAL BUTTONS** to cycle through the CD player controls.

Selecting Included Tracks

We've provided lots of sizzling hot tracks to accompany your music video. When **PREV** or **NEXT** is highlighted, press the **X BUTTON** to cycle through to the desired track.

To listen to a track, highlight **PLAY/STOP** and press the **X BUTTON**. To stop play, press the **X BUTTON** again.

Using Your Own CD Collection

You can use one of your own CDs for your dance video, so whether you want to bop to the latest boy band or shimmy to the latest girl groove, you're in control!

First, highlight **EJECT** and press the **X BUTTON**. This puts the CD player in pause mode. Press **OPEN** on your PlayStation® game console and gently remove the game disc. Insert a favorite

music CD and close the Disc Cover. The disc will be scanned and the on-screen text will change from **GAME CD** to **AUDIO CD**. You can now select audio tracks as detailed above. Once you have the track you want, highlight **RETURN** and press the **X BUTTON**. You'll return to the Set Up screen. Press the **● BUTTON** to go to your event. Once you've finished playing your music **CD**, press the **● BUTTON** until the **CD** player is displayed. To return the **mary-kateandashley Magical Mystery Mall™** disk, highlight **EJECT** and press the **X BUTTON**, then follow the same steps used above.

Controls

Notice that some controls do different things depending on whether you're in set up mode or on the dance floor.

Just Say Snow

Step into your bindings and get ready for a snowboard race down the mountain. The Magical Gem for this level awaits the winner of all three challenging downhill courses. You start by selecting Mary-Kate or Ashley to take on the challenge.

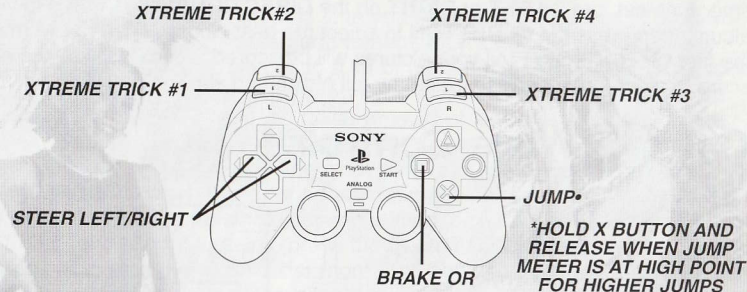

Then it's time to choose a cool board that's right for you. Got one picked out? Good. Now choose a worthy opponent and let's see who rules the white stuff!

The object of the race is to get to the finish line first. You must win 2 out of 3 heats to be the winner for each of the 3 downhill courses. Your snowboarder receives a speed boost when passing between the Red and Blue flags; if you miss the flags, your opponent will get the boost.

Tip: Try to collect the magical snowflakes to unlock new snowboards.

Just Say Snow Controls

Catch A Wave

Or should we say, 'Catch a babe?' The object of this level is to try and get the best pictures of the two cutest guys on the beach. Taking pictures has never been more fun or challenging as the boys gradually become better at avoiding the camera. Pick your shots and poses wisely to get the highest score at each location. A good picture is judged on the girl's pose and

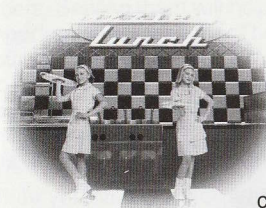

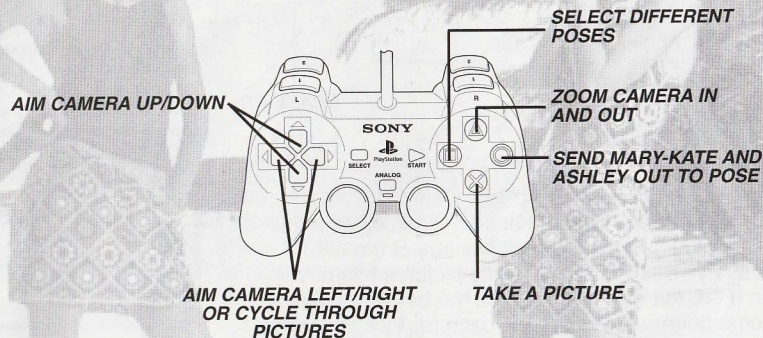

whether both boys are fully visible in the picture. You have a limited number of pictures and time, so be careful.

Press the **DIRECTIONAL BUTTONS** to aim the viewfinder, and the **△ BUTTON** to toggle between Normal and Zoom lenses. Press the **○ BUTTON** to send one of the girls out to pose with the boys and the **□ BUTTON** to choose

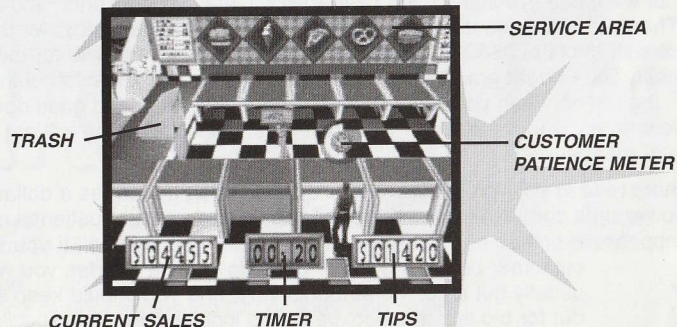

your favorite pose. Press the **X BUTTON** to snap a picture. You can only take a picture when the flash is fully charged and the **READY** light is **GREEN**. When the timer runs out, press **LEFT** or **RIGHT** on the **DIRECTIONAL BUTTONS** to view your album, then press the **X BUTTON** to select the best picture. After you've made it to the first **CHECK POINT**, all your pictures will be scored. You've got to have a passing score to move on, otherwise it's a new roll of film and starting over.

Lizzie's Lunch

The next time you start to get impatient in a crowded restaurant, remember: it's not easy serving tasty snacks to a lot of demanding customers! Time ticks down as you try to fulfill each order and match the required dollar amount of sales for each shift. When a customer approaches the counter, a food symbol will appear, showing what they've ordered. Each food order symbol begins on a green background that changes color as time counts down. You have to skate to the matching serving station, pick up their order (press the **X BUTTON**) and bring it to them (press the **X BUTTON**) before they get angry and walk away. Customers can order more than one item, but you can only carry one item at a time. The orders can pile up quickly, and it's easy to mess up an order. If you're holding an order for a customer who has left and no other customers needs it, you'll have to throw it away by skating to the green trash bin to the far left of the counter. Press the **X BUTTON** to throw your current order away. Remember that money is lost when you throw food away.

Lizzie's Lunch Controls

Shifts, Quotas and Tips

You must complete five shifts (long day!) to complete Lizzie's Lunch and earn a Gem. There is a sales quota (a dollar sales amount) you must meet for each shift. The first shift quota is \$50, the second is \$75, going on up to \$150 for the fifth (final) shift. The current amount you've sold appears at the lower left of the screen. It goes up when you successfully serve a customer, and goes down when you throw an order in the trash. If you don't meet your quota, you will get a chance to try again.

Customers reward your prompt service with tips, which appear as a dollar amount in the lower right corner. What's prompt? Each customer has a patience meter, which appears at first as a green circle around their order symbol. If you serve a customer before the meter goes down by a quarter, you will usually get a tip. Tip amounts vary, and you should keep an eye out for big tippers. Also, be on the lookout for certain special food

orders. Serving them will help you keep your customers happy. Why are tips important? Two reasons. The first is that if you are behind on your sales quota, your tip money automatically goes towards the missing amount at the end of shift. So, if you end up with \$40 in sales at the end of the first shift but have, say, \$15 in tips, you'll meet your quota and still have something left (tips accumulate over shifts). The second reason tips are important is simple: you need to have \$100 in tips to complete the level and earn your Gem!

When you start out, you'll only have a few items to serve. As you master each "shift" level, the menu expands, and your customers have more items to choose from, which makes it tougher on you as you go along.

Tip: Sometimes when you pick up a food order, the icon will be larger than usual. For example, the ice cream icon will be an entire sundae instead of a cone. These special items do neat things like freezing the clock, doubling tip and food value, doubling customer patience and having your sister help serve drinks. Look for the on-screen text when you pick up a special order!

Results

At the end of each Game Level, results will be posted. You can press the **X** **BUTTON** to try the game again, or press the **△** **BUTTON** to quit to the main menu to try something new."

Hints & Tips

Fash

- Make sure you take pictures of each outfit to get as many points as possible.
- Don't use up all your film too quickly! Only take a few pictures of each outfit.

Music Nation

- Don't change camera angles too fast or you'll lose points!
- Balance out your routine to avoid overshooting your dance score.

Just Say Snow

- Don't miss the snowflakes! You can use them to get better boards.
- Watch out for walls! They'll slow you down and let your opponent catch up.
- Try to go through all the flags for valuable speed boosts!

Catch A Wave

- Try out different poses to score more points!
- It's better to get pictures where everyone's facing the camera.
- The girls can move around each scene! Press the **● BUTTON** to move them to the next spot.

Lizzie's Lunch

- Try to grab the bonus food as soon as it appears.
